Provides relative to the records of the governor. (gov sig)

Legislation deletes provision that makes records relating to the deliberative process exempt from the public records requirements and makes all records of the governor's office subject to public records laws; however, provides that a record of the governor's office relating to executive deliberations and intra-office communications may be privileged from disclosure. Provides that any record relative to fiscal or budgetary matters shall be a public record. Further provides that security sensitive information regarding the governor's, his spouse's, or his child's schedule is confidential and may be held confidential for a seven day period. These provisions do not apply to any agency transferred or placed within the Office of the Governor. Bill provides that any exemptions to the public records law shall lapse ten years after creation of the record and shall be considered a public record.

EXPENDITURE EXPLANATION

Although the legislation broadens the types of records available as a public record in the Governor’s Office, the LFO is not able to project the number of requests for such records, the type(s) of records to be requested, or the number of pages included in the request.

REVENUE EXPLANATION

To the extent that additional requests for public records are received, self-generated revenue will be increased. Charges for the first copy of any public records is a minimum of \$0.25 per page for microfiche reproductions, preprinted computer reports, or paper copies up to 8 1/2 by 14 inches. Charges for copies of public records on paper larger than 8 1/2 by 14 inches is the same as the actual cost for copying such records. Copies of public records are furnished without charge, or at a reduced charter, to indigent citizens of this state. Revenue collections received from public records requests are deposited in the treasury and is not available to the agency.
